PROFESSIONAL SUMMARY

Frontend Developer and UI/UX Designer with over 4+ years of experience in creating responsive and user-focused web applications. My expertise includes JavaScript, HTML5, CSS3, and various modern frameworks. As a proven team leader, I've managed frontend teams and ensured the efficient delivery of high-quality projects. I'm particularly proud of my ability to enhance user engagement through innovative design and seamless performance.

PROFESSIONAL EXPERIENCE

Frontend Developer & UI/UX Designer

09/2025 – Present

Self Employed – Self-employed

Kota, Rajasthan, India – Remote

- Design and develop modern, responsive, and user-centric web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Transform UI/UX concepts and Figma designs into pixel-perfect, high-performance digital experiences with a strong focus on usability and accessibility.
- Build scalable websites, landing pages, and web solutions that deliver seamless user experiences across desktop, tablet, and mobile devices.
- Collaborate with stakeholders to analyze requirements, define project objectives, and deliver solutions aligned with business goals.
- Develop reusable UI components and maintain clean, scalable code architecture following modern frontend development best practices.
- Optimize website performance, responsiveness, SEO readiness, and cross-browser compatibility to ensure exceptional user experience and reliability.
- Continuously explore and implement modern frontend technologies, design trends, and performance optimization techniques to deliver high-quality digital products.

Team Lead – Frontend Development

12/2024 – 08/2025

W3ITEXPERTS

Kota, Rajasthan, India

- A company specializing in providing high-quality IT solutions.
- Promoted to Team Lead within 2 years of joining, recognized for consistently delivering high-quality, performance-optimized frontend solutions.
- Led a team of 4+ frontend developers – assigned tasks, conducted code reviews, and managed end-to-end project workflows to ensure on-time delivery.
- Successfully delivered 15+ client projects featuring responsive, pixel-perfect, and user-friendly frontend interfaces.
- Boosted team productivity and reduced average project turnaround time by implementing streamlined workflows, coding standards, and best practices.
- Acted as the primary point of contact between clients and the development team, ensuring clear communication, alignment on requirements, and timely delivery.

Frontend Developer

02/2022 – 11/2024

W3ITEXPERTS

Kota, Rajasthan, India

- A company providing frontend development services and solutions.
- Developed 20+ responsive websites and web pages using HTML5, CSS3, JavaScript, and Bootstrap – all cross-browser compatible and mobile-first.
- Converted Figma design mockups into pixel-perfect, maintainable frontend code, ensuring 100% design fidelity across all major browsers and devices.
- Improved website responsiveness and frontend performance by optimizing CSS, reducing render-blocking resources, and implementing lazy loading techniques.
- Collaborated closely with UI/UX designers and backend developers to deliver scalable, user-focused web solutions using agile workflows.
- Built modern, visually appealing UI layouts with a strong focus on usability, accessibility, and responsive design best practices.

EDUCATION

Bachelor of Computer Applications (BCA)

07/2022 – 07/2025

Asian International University

KEY ACHIEVEMENTS

- Promotion to Team Lead:** Promoted to Team Lead within 2 years at W3ITEXPERTS for exemplary performance in frontend development and project delivery.
- Project Delivery Excellence:** Successfully delivered 35+ web projects (15 as Team Lead, 7 as Freelancer, 20+ as Developer) with zero critical post-launch defects.
- Workflow Optimization:** Streamlined team workflows that reduced project turnaround time and increased overall team throughput.
- Quality Code Delivery:** Consistently delivered pixel-perfect, cross-browser compatible interfaces from Figma mockups with clean, maintainable code.
