Kota, Rajasthan, India

PROFESSIONAL SUMMARY

Frontend Developer & UI/UX Designer with 4+ years of hands-on experience building responsive, user-focused, and visually polished web experiences. Skilled in React.js, JavaScript, HTML5, CSS3/SCSS, Tailwind CSS, Bootstrap, jQuery, and Figma, with a strong focus on translating designs into clean, functional, and pixel-perfect interfaces. Experienced in leading frontend teams and collaborating with designers, developers, and stakeholders to deliver high-quality digital experiences.

PROFESSIONAL EXPERIENCE

Frontend Developer & UI/UX Designer

09/2025 – Present

Self Employed – Self-employed

Kota, Rajasthan, India – Remote

- Build responsive, user-focused, and visually polished web experiences using React.js, JavaScript, HTML5, CSS3/SCSS, Tailwind CSS, Bootstrap, and jQuery.
- Convert Figma designs, wireframes, and UI concepts into pixel-perfect, responsive interfaces across desktop, tablet, and mobile devices.
- Build reusable UI components with clean, maintainable code focused on performance, scalability, and consistent user experience.
- Handle the complete frontend workflow from requirements gathering and UI/UX planning to development, testing, debugging, optimization, and final implementation.
- Optimize websites for performance, SEO, accessibility, responsiveness, and cross-browser compatibility to deliver reliable digital experiences.
- Collaborate directly with clients and stakeholders to understand requirements, provide frontend and UI/UX solutions, and deliver high-quality project outcomes.
- Work across both design and development to create interfaces that are responsive, accessible, visually polished, and easy to use.

Team Lead – Frontend Development

12/2024 – 08/2025

W3ITEXPERTS

Kota, Rajasthan, India

- Led frontend development activities and coordinated with designers, developers, and stakeholders to ensure smooth project delivery.
- Guided and supported frontend team members, reviewed UI implementations, and maintained coding standards across projects.
- Developed responsive and user-friendly websites using HTML5, CSS3/SCSS, JavaScript, Bootstrap, and jQuery following modern frontend practices.
- Converted Figma designs, wireframes, and UI concepts into pixel-perfect, responsive interfaces across desktop, tablet, and mobile devices.
- Contributed to 15+ client projects, handling frontend implementation, UI development, testing, debugging, and continuous improvements.
- Optimized frontend performance, responsiveness, SEO, accessibility, and cross-browser compatibility to improve overall product quality.
- Collaborated with clients and stakeholders throughout the project lifecycle to understand requirements and deliver high-quality frontend solutions.

Frontend Developer

02/2022 – 11/2024

W3ITEXPERTS

Kota, Rajasthan, India

- Developed 20+ responsive websites and web pages using HTML5, CSS3, JavaScript, and Bootstrap.
- Converted Figma designs and UI concepts into pixel-perfect, responsive, and maintainable frontend interfaces.
- Improved website performance through CSS optimization, lazy loading, and responsive frontend techniques.
- Collaborated closely with UI/UX designers and backend developers to translate designs and requirements into functional web interfaces.
- Ensured cross-browser compatibility, accessibility, usability, and mobile-first responsive behavior across different devices.
- Followed clean coding practices and frontend development standards to build maintainable and scalable web interfaces.

EDUCATION

Bachelor of Computer Applications (BCA)

07/2022 – 07/2025

Asian International University

KEY ACHIEVEMENTS

- Promotion to Team Lead:** Promoted to Team Lead within 2 years at W3ITEXPERTS for exemplary performance in frontend development and project delivery.
- Client Projects:** Contributed to 15+ client projects across frontend development, UI implementation, testing, debugging, and continuous improvements.
- Workflow Optimization:** Streamlined team workflows that reduced project turnaround time and increased overall team throughput.
- Quality Code Delivery:** Consistently delivered pixel-perfect, cross-browser compatible interfaces from Figma mockups with clean and maintainable code.
